## LAB TASK 4: Create a Web App

### Step: 1

The screenshot displays the Azure Portal interface for a deployment. At the top, the breadcrumb navigation shows 'Home' and 'Microsoft.Web-WebApp-Portal-c96ad3af-808d | Overview'. Below this, a search bar and a toolbar with actions like 'Delete', 'Cancel', 'Redeploy', 'Download', and 'Refresh' are visible. The left sidebar contains a navigation menu with 'Overview' (selected), 'Inputs', 'Outputs', and 'Template'. The main content area features a green checkmark icon and the text 'Your deployment is complete'. Below this, deployment details are listed: 'Deployment name: Microsoft.Web-WebApp-Portal-c96ad3af-808d', 'Subscription: Azure for Students', and 'Resource group: sandyaResourceGroup2'. To the right, the 'Start time' is '12/04/2025, 13:28:25' and the 'Correlation ID' is 'aa66fa3e-9543-4ad3-a128-3abefba84c37'. Under 'Deployment details', there are sections for 'Next steps' with recommendations: 'Manage deployments for your app...' and 'Protect your app with authentication...'. A 'Go to resource' button is located below these recommendations. At the bottom, there is a 'Give feedback' section with a link to 'Tell us about your experience with deployment'.
